Warwickshire Show You Care Campaign

As we are in another lockdown, remember the things that got us through last time: community spirit, being kind to each other and getting creative.

Here in Warwickshire, we want to reignite the passion we have for caring about others by displaying colourful hearts in our windows.

A heart is a symbol of kindness, love and care. The kindness towards our community and neighbours; the care we have for those working on the frontline, and the love to all those that we miss.

They are a reminder that while we can't physically be together, we're still thinking of each other.

So, get creative and display your colourful hearts for all to see and comment below so we can see and help share the kindness!

Remember, we will get through this together. We are united.

Colour in or fill your heart with a picture and put it in your window. You could share your heart using #WarwickshireHearts
