

Friday 26th March 2021

Dear Parents and Carers,

Thank you to Rowan Class children and families for their quick and calm response this week. We are, first and foremost, very pleased that all of our families remain safe and well. I particularly want to thank the children for their mature response to last minute changes; they were calm, remained positive and got on with their learning promptly when they returned to school.

This week has highlighted the potential for misinformation from what's app groups. We will always communicate directly with parents and carers as promptly as we can. If you have a concern or question, please raise this directly with the school.

Given the current situation, it is more important than ever that we can contact parents urgently. It is a legal requirement that a parent or carer provides up to date contact information and a responsible adult can be contacted in case of emergencies. This is not only for children needing to self-isolate but if there was ever an accident or medical emergency involving your child.

When contacting home via text message, we always contact the first person listed on the data sheet. We ask all families to consider if they need to alter the order of contacts to ensure the messages are received by the most appropriate parent or carer who is able to respond. Please contact the school office via admin3068@welearn365.com if you would like to make any changes. Parent Pay messages are sent to the email account of the parent who has registered.

Walking the Way of the Cross

Over the coming week all of the children will be visiting St Mary's churchyard to take part in Walking the Way of the Cross. The images at each station are from children across Coventry Diocese. Families are welcome to visit the churchyard and take part in walking the stations. There is a QR code at each station, which will direct you to the bible readings.

Paige Neale Head of School

<u>TERM DATES 2020/2021</u>	
2 nd -16 th April	Easter Holiday
19 th April	Teacher Training Day
24 th May	Bag2School Collection
31 st May-4 th Jun	Half Term
5 th July	Teacher Training Day
21 st July	Last Day of Summer Term

Willow Class

As part of our science learning, Willow Class made blood smoothies to represent the blood in our bodies - Don't worry though, it was all made from edible ingredients! We did this to investigate what is in our blood and each ingredient symbolised a different part. It was fun and we definitely learnt lots about our blood. By Eliza, Harry and Piotr

Silver Birch Class

Silver Birch learnt about Japanese pastimes and then made origami fish. We were so proud of our finished fish as the folding is tricky!

This school is committed to safeguarding and promoting the welfare of children and expects all staff, volunteers and parents to share this commitment.

Oak Class

In Oak Class we have been reading a story about The Disgusting Sandwich. This week we made our own disgusting sandwiches. We put mealworms, sand, sawdust, mud, potato peelings and some children even put some dirty old feathers they had found in the playground. They really were DISGUSTING!

Beech Class

As part of our topic Spring with Weather Art, we went outside to colour a flower! For example, we used green grass, brown soil and weed flower petals. We had lots of outside colouring fun!
